Attachment B Staged Roll Out Plan – Brooklyn Car Parking Management

Council exclude trailer parking from McKell Park using the appropriate signage — including within the overflow parking area. Council work with trailer owners over a 3-6 month period to facilitate this change and to allow trailer owners the opportunity to make long term storage arrangements elsewhere. Council sign post all car parks associated with public reserves outside of Brooklyn village (but within the suburb of Brooklyn) as "car only" parking to prioritise access for visitors to these reserves. Council offer to remove unwanted trailers from Brooklyn, including McKell Park which may no longer be required by the owner. The unwanted trailers would be suitably disposed of by Council via auction or a metal recycling facility. Trailer management Offshore residents be encouraged to progress a trailer share scheme — as per their written submissions. In the event that trailer parking continues to be an issue for on and off street parking locations within the village centre or elsewhere in Brooklyn, further consideration should be given to restricting parking in these areas — potentially by nominating them as car only parking locations. This matter should be assessed on a site by site basis with the community, using consistent criteria that considers safety, proximity to destinations, impacts on local residents and visitors, alternatives such as timed parking and impacts on surrounding streets of trailer relocation. Lower McKell Park Introduce timed parking in Lower McKell Park along the northern (river side) of the carpark: 6am — 6pm 4 hour (4P) and 3 x ½ hour (30 minutes) spaces. Retain all accessible car parking spaces. Parsley Bay — no timed parking — 6pm 4 hour (4P) and 1 x accessible parking space. Retain remainder of carpark, including the overflow area to the west as unrestricted. Dangar Road Car Park (wharf car park) Introduce timed parking in the Dangar Road Car Park: 6am — 6pm 4 hour (4P) and 3 x ½ hour (30 minutes) spaces. Retain all accessible car parking spaces. Parsley Bay — no time restrict	Stage 1 – Car parking management
